

TAFT TO SPEAK HERE THURSDAY

According To Schedule Republican Candidate For President Will Reach Janesville At 10:30 A. M.

FROM REAR END OF CAR PLATFORM

The Ex-Secretary Of War Will Deliver His Message--Is To Spend But A Single Day In The State Of Wisconsin.

[SPECIAL TO THE GAZETTE.]
William H. Taft, republican candidate for the highest office in the world, will make his second appearance in Janesville next Thursday morning. According to schedule, he will cross the state line in a special train over the C. & N. W. road, stopping at the city at 10:30 a. m. and reaching this city at 10:30. As on the occasion of his first visit about a year ago, he will probably deliver a brief address from the rear end of the car platform. The special will convey him from

WILLIAM H. TAFT.

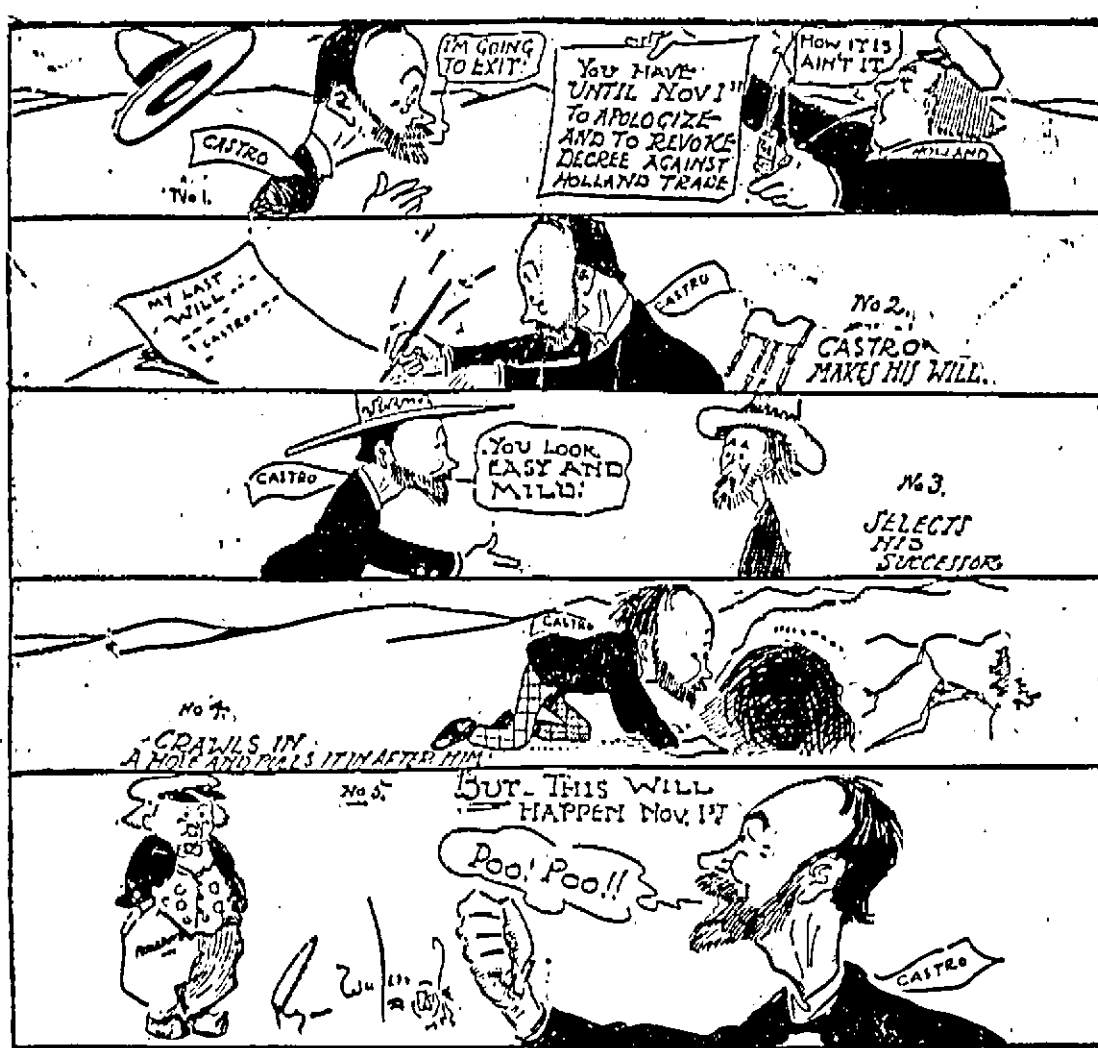

this point to Madison where he will speak at noon. En route for Milwaukee, where he is to be heard in the evening, the candidate will speak at Jefferson at 2:30 p. m. and at Waukesha at 4 p. m.
The itinerary has been revised and the two days allotted to Wisconsin reduced to one, in order to permit the ex-secretary of War to keep the original appointment made for him to attend the Association of Commerce banquet in Chicago on Oct. 7 and address the luncheon on the same day. The committee on the republican candidate was afraid to meet his foe, Bryan, on the same banquet floor.
The new schedule for the next fortnight is as follows:
Sept. 23--Leave Cincinnati at 8 a. m.; Ade, Ind., 1 p. m.; Chicago railway men's evening meeting.
Sept. 24--Beloit, 9:30 a. m.; Janesville; Madison; Jefferson; Waukesha; and Milwaukee.
Sept. 25--Des Moines, Iowa, evening meeting.
Sept. 26--St. Paul-Minneapolis, evening meeting.
Sept. 27--West at Minneapolis.
Sept. 28--Grand Forks, S. D., 4 p. m.; Fargo, evening meeting.
Sept. 29--Mitchell, S. D., noon.

HEARING MONDAY IN THE BEEDLE-ABBOTT CONTEST

Frear, Gilbert, And Dahl Will Be Judges Of The Merits Of The Controversy.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Sept. 19.—Monday morning in the office of Secretary of State Frear a hearing will be held in the contest between George E. Beedle and James E. Abbott for the republican nomination for commissioner of insurance. The judges will be Secretary of State Frear, Attorney General Gilbert and State Treasurer Dahl, comprising the state board of canvassers. Mr. Abbott will be represented by Attorney R. M. Bushford and will claim that he is nominated by a majority of 196 votes over Beedle. The present commissioner, fighting to retain his office for a second term, will be represented by Attorney George E. Beedle, who is not thought to have a chance of winning. The hearing will be held at 10 a. m. in the office of the secretary of state. The hearing will be held at 10 a. m. in the office of the secretary of state. The hearing will be held at 10 a. m. in the office of the secretary of state.

BASEBALL FANS OF MIDDLE WEST STILL SEE RAY OF HOPE FOR THE WHITE SOX

In The National League The "Cubs" Are Down And Out And Championship Is Assured New York Giants--Schedule Of Remaining Games In Both Leagues.

To the ordinary observer of events in the baseball world, Chicago's hopes of a pennant winning team both in the American and National leagues, have gone a glimmering. However, Comiskey and Jones, the powers behind the "White Sox" (American League team) claim that they can still hear the flag flapping in the breeze. Both assert that the Sox will be in first place with a week. Owner and manager claim that despite the tough luck in the Cleveland series, the Sox are far from being out of the race, being only two and a half games behind the leaders, they are of course, in a position to wipe out the slight margin in quick time if they had a winning streak while the others lost. The Detroiters are losing often enough, but the Clevelanders seem to be getting better all the time.
The Sox sponsors are confident that Cleveland is the team they will have to beat.
The White Sox beat Washington 1 to 0 yesterday and the two teams played again today. New York beat Detroit 5 to 1. St. Louis beat Philadelphia 2 to 1 and 5 to 4. Cleveland won from Boston 2 to 1. The standing of the clubs this morning was as follows:
American League.
W. L. Pct.
Detroit 78 57 .578
Cleveland 79 60 .567
Chicago 77 61 .558
St. Louis 75 61 .551
Boston 65 71 .478
Philadelphia 64 70 .472
Washington 64 73 .467
New York 45 89 .336
The National League
Philadelphia, Chicago's Nemesis this season, killed the lingering hopes of the "Cubs" yesterday by winning a fiercely fought game, 2 to 1, in ten innings and the great double victory of the New York "Giants" over the Pittsburgh "Pirates" practically assured the "Giants" the National championship for 1908. The scores of these games were 7 to 0 and 12 to 7. Cincinnati defeated Boston 13 to 6. St. Louis won one game from Brooklyn 4 to 2 and lost the other 0 to 1. The standing of the clubs prior to today's games was as follows:
W. L. Pct.
New York 87 46 .654
Chicago 85 53 .616
Pittsburgh 85 51 .612
Philadelphia 73 60 .552
Cincinnati 65 72 .475
Boston 57 80 .416
Brooklyn 47 88 .348
St. Louis 45 91 .331
Games Still to be Played.
The Chicago White Sox will play their last game at Boston on October 8 and the "Cubs" will close their season at Cincinnati on Oct. 3. The following diagram shows the schedule of all the remaining games, including today's, to be played in both leagues.

BIG CELEBRATION AT SCENE OF MASSACRE

131st Anniversary of the Paoli Massacre Observed on the Battlefield.
[SPECIAL TO THE GAZETTE.]
Malvern, Pa., Sept. 19.—The 131st anniversary of the Paoli massacre, where Gen. "Mad" Anthony Wayne's troops were slaughtered by the British soldiers, was celebrated with interesting exercises on the battlefield near here today. Several thousand people, including many representatives of the various patriotic societies, attended the celebration. The speakers included William H. Berry, former state treasurer; William H. MacElree, district attorney of Chester county, and several other persons of prominence.

BASEBALL SCORES: EASTERN COLLEGES BEGIN THE SEASON

[BY ASSOCIATED PRESS.]
Philadelphia, Pa., Sept. 19.—The first game today resulted: Chicago, 4; Philadelphia, 2.
[SPECIAL TO THE GAZETTE.]
New York, Sept. 19.—Football makes a start among the eastern universities and colleges today, and in a fortnight more will have taken the lead over baseball and other summer sports. The larger universities have no regular games scheduled before October, but their players are already at work on the gridiron and interesting reports are beginning to come in from Yale, Harvard, Brown, Cornell, Princeton and Pennsylvania. Bates college, Dickinson college and the Carleton Indians have practice games scheduled for today with minor teams.

Waukesha, Wis., Sept. 19.—(By Associated Press.)—John Smith, the blacksmith living at Calhoun, six miles east of here, who shot Olga Grabow, age 14; fatally wounded her mother; and sent a bullet into Sheriff George L. Dwinell's head, when the latter tried to arrest him, was captured at the Grabow home today by a heavy armed posse. The Sheriff and the girl will recover but the mother will probably die.
The shooting is said to have been the result of a quarrel over a disputed love for Olga. His capture was only effected after the house had been riddled with bullets. The crowd that gathered was with difficulty prevented from lynching him.

TUBERCULOSIS CONGRESS WILL MEET ON MONDAY

International Gathering To Convene Next Week In New National Museum.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., Sept. 19.—The International Congress on Tuberculosis, which will open here Monday at the still unfinished new national museum, has brought one of the largest and most distinguished international gatherings of scientists, sociologists, tuberculosis specialists and government representatives ever seen together to the national capital. The subject of the congress is of such vital importance that practically all civilized nations have recognized the necessity of being represented at a congress the results of which cannot be otherwise than highly beneficial and are bound to bring the world a big step nearer to the final consummation of the hope of stamping out, or at least curbing the ravages of the "white plague."
The congress will be attended by nearly two thousand delegates, representing practically every civilized country. Every department of the United States government will be represented and nearly every state of the Union has sent delegates. Of foreign countries forty-six will be represented and nearly all the foreign delegates have already arrived here. France has sent a distinguished delegation, including Leon Bourgeois, a member of the French senate and of the permanent Anti-Tuberculosis commission appointed by the French government; Dr. Roux of the Pasteur Institute, Paris; Dr. Calmette, professor of hygiene at the University of Lille; Dr. Landouzy of Paris; Dr. Letulle, the secretary-general of the last International Congress on Tuberculosis held in Paris in 1907; and Dr. Vallee, the eminent veterinarian of the University at Alfort.
The British Commission on Tuberculosis will be represented by Dr. C. Stans Woodhead, professor of pathology at the University of Cambridge, and a member of the executive committee for Great Britain; Dr. Arthur Newsholme, chief medical officer of the local government board of England; Dr. H. W. Philip of Edinburgh, founder of the first tuberculosis dispensary, and many others.
Germany is represented by secretary of the German delegation, Dr. Johannes Netzer, was secretary-general of the recent congress on Hygiene and Demography. Other members of the delegation are Dr. Bunnwitz, the secretary-general of the International Tuberculosis Association.
The South and Central American delegates include men of great prominence, among them Dr. A. Herrera Vegas of Caracas, Venezuela; Dr. J. J. Azevedo Lima of Rio de Janeiro; Dr. Luis P. Jimenez of Costa Rica; Dr. Gutierrez of the University of Havana and many others.
The congress will be divided into seven sections under special chairmen and besides English the languages used in the discussions will be German, French and Spanish. In addition to the sessions of the congress there will be public meetings, one of them under the auspices of the American Federation of Labor. The exhibition connected with the congress is nearly ready for the opening on Monday, and promises to be highly interesting and instructive.

SENATOR FORAKER IN ANOTHER EXPLANATION

Says The \$50,000 Draft From Archbold Was To Have Been Part Of Purchase Price For Ohio State Journal.

Letter Read by Hearst.
No. 25 Broadway, New York, Jan. 27, 1902. My Dear Senator:—
Responding to your favor of the 25th, it gives me pleasure to hand you herewith certificate of deposit for \$50,000 in accordance with our understanding. Your letter states the condition correctly and I trust the transaction will be successful. Very truly yours,
J. D. ARCHBOLD.
Hon. J. B. Foraker, Washington, D. C.
[BY ASSOCIATED PRESS.]
Cincinnati, Sept. 19.—That the \$50,000 draft mentioned in the John D. Archbold letter, which was made public by William Randolph Hearst at St. Louis last evening, was received by Senator Foraker as part of the purchase money in an unsuccessful deal for the ownership of the Ohio State Journal at Columbus, and that when the attempt to buy the paper failed the draft was returned and the incident forgotten, is the substance of a statement given by the Ohio statesman to the Associated Press, here today. The Senator declares that he, one, at any time, over paid him a cent or even suggested any such payment in consideration for anything he might do for them as a public man.
May Not Speak With Taft.
New York, Sept. 19.—It was reported here this afternoon upon what seemed sufficient authority that though national headquarters was dumb on the subject, Senator Foraker would be asked to withdraw as one of the speakers at the meeting of the League of Republican Clubs at Cincinnati next Tuesday. Foraker is scheduled to speak on that occasion on the same platform with Taft.

GRAND JURY TO ACT ON CLANCY CHARGES?

All Milwaukee Is on the Qui Vive for a Big Sensation Today—Police Chief Not Worried.
[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., Sept. 19.—"Clancy!" "Grand Jury!" were the exclamations echoed through the city hall here this morning. The case of Thos. A. Clancy will be taken up by the grand jury. The jury will be made within the next 90 days. Chief Clancy's case will not be the only one to be heard by the inquisitorial board, but it will be the one of chief interest to the people. Mayor Rowe's secretary had nothing to say in regard to it this morning. Chief Clancy, who appeared to be quite at ease, said little today beside promising that there would be no more disclosures from the force before the evening paper went to press.

CLERGY OF MILWAUKEE DISTRICT WANT HIM

TO BECOME DISTRICT SUPT.

Was Favored in Balloting at Neenah Yesterday—Office Was Formerly Called Presiding Elder.

According to advices sent out last evening from Neenah where the East Wisconsin Methodist conference is in progress, a vote taken yesterday by members of the Milwaukee district for a new superintendent to succeed J. S. Leach, whose term expires, showed a strong preference for Rev. J. H. Tippet of Janesville. Rev. W. W. Stevens of Kenosha was second in the balloting and Rev. Knott Perry of Milwaukee was third. The selection of district superintendents will not be announced until Monday. The office of district superintendent is what was formerly called presiding elder. The incumbent has charge of the quarterly conferences, makes periodic visits to the various churches, and all of his time is devoted to the regulation of church affairs in his district. It is not known that the Rev. Tippet will accept the office, even if elected. If he does a new minister will have to be assigned to the local pulpit. Oshkosh will probably be selected as the next meeting place of the conference.

GRADUATES WILL GO TO HIGHER SCHOOLS

Janesville High School Alumni Who Go to Higher Institutions This Year.

This year an unusually large number of graduates of the Janesville high school will go to higher institutions of learning. The larger number of last year's class will not pursue their education any further and many will go to work in Janesville or teaching in schools near here.

Five of the class of 1908 will enter the freshman class of the University of Wisconsin this month. They are Roger Cunningham, John Underwood, Emma Richardson, Frank Hayes and Leigh Woodworth. Three boys of the class of 1907 will also enter the freshman class. They are George Dutta, Thomas Cassidy and William McNamee.

Floyd Hennison, Stewart Richards, John Nuzum and Ellsworth Strong will enter Lawrence university at Appleton this fall and expect to finish a course there.

Miss Lulu Soverhill of the class of 1908 will enter Northwestern university this fall, where she will study music and Miss Emma Schoenauer will enter Beloit college.

At Davis of the class of 1907 will attend the Stout Manual Training school at Menomonie for the next few years.

Two alumnae will go to normal schools. Miss Cora Fisher expects to matriculate at the Whitewater Normal and Miss Luella Hawk will continue her studies in the Milwaukee Normal. Miss Louise McGowan will enter the freshman class at the university of Wisconsin this fall and Miss Gertrude Bradley of the class of 1907 will go to the University of Whittier in Canada.

Miss Hazel Howe goes to Bradford, Miss Charlotte Charlton to Monticello and Miss Margarette Pifford will attend school in Boston.

Twenty-two graduates of the last two years will enter higher institutions this fall for the first time. This is a considerable advance over some years when only eight or ten continued their educational work.

ROYCROFT PHILOSOPHY

By FRA ELBERTUS

Inform your friends that you do not care to have them call you during working hours. All your time belongs to your employer.

Be absolutely honest with yourself and with the institution of which you are a part. Defend it, if need be, with a right swing.

When you come to your work in the morning or at noon, go directly to your desk and prepare for your day's work.

Do not talk during working hours except on business, and then only to the head of your division or the head of the department.

Do not refuse to do what you are told, nor do it grudgingly, simply because you do not understand the reason for it. If the one who tells you makes a mistake, he is the one who will suffer for it, not you.

The man who is worthy of being a leader of men will never complain of the stupidity of his helpers, or the ingratitude of mankind, nor of the inappreciation of the public. These things are all a part of the great game of life, and to meet them and not go down before them in discouragement and defeat is the final proof of power.

The first item in the commonsense creed is Obedience. Do your work with a whole heart! Revolt is sometimes necessary, but the man who mixes revolt and obedience is doomed to disappoint himself and everybody with whom he has dealings. To flavor work with protest is to fail absolutely. When you revolt, why revolt—climb, get out, hike, defy—tell everybody and everything to go to limbo! That disposes of the case. You thus separate yourself entirely from those you have served—no one misunderstands you—you have declared yourself. But to pretend to obey, and yet carry in your heart the spirit of revolt, is to do half-hearted and slipshod work. If revolt and obedience are equal, your engines will stop in the center and you benefit nobody, not even yourself. The spirit of Obedience is the controlling impulse of the receptive mind and the hospitable heart. There are boats that mind the helm and boats that don't. Those that don't, get holes knocked in them sooner or later. To keep off the rocks obey the rudder. Obedience is not to slavishly obey this man nor that, but it is that cheerful mental condition which responds to the necessity of the case, and does the thing. Obedience to the institution—loyalty! The man who has not learned to obey has trouble ahead of him every step of the way—the world has it in for him because he has it in for the world. The man who does not know how to receive orders is not fit to issue them. But he who knows how to execute orders is preparing the way to give them, and better still—to have them obeyed.

AN EXTRA TRAIN TO FILL FIRE BARRELS

An Extra on the St. Paul was Sent out this Morning to Fill All Fire Barrels on the Bridges Between Here and Chicago.

That the dry weather, which has prevailed for so long, increases the danger of fires on and along the railroad lines is evidenced by the fact that the St. Paul road considered it necessary to send out a special train in order to see that all of the barrels along the right of way from here to Chicago were filled up to the top.

These barrels are sunk in the ground at the end of the bridges and if the bridge is a long one there are a couple of them placed in the middle of the bridge to be used in case of fire.

WILL USE ELECTRIC POWER ON NEW LINE

Electric Locomotives Will Pull Trains Over Eight Hundred Miles of the St. Paul Road's Pacific Coast Extension.

At a meeting of the directors of the Chicago Milwaukee and St. Paul road, held yesterday in Milwaukee, it was decided to electrify all the line of the road through the mountain divisions of the Pacific coast extension. It is estimated that a saving of nearly 60% will be made by the use of electricity, particularly through the tunnels and over the mountains. Extensive experiments have already been made with a view of using of electrical power and the option on several sources of water power have been secured. The length of road to be electrified will be about 800 miles.

DISASTER AT MARE ISLAND.

One Man Killed and Three Hurt by Gasoline Explosion.

Vallejo, Cal., Sept. 19.—The explosion of 250 gallons of gasoline on board a barge moored abreast of the submarine boat Grampus and Pike at the Mare Island navy yard Friday afternoon resulted in the death of Chief Machinist Teddy May and injuries to Lieut. J. S. Townsend, Chief Gunner's Mate W. H. Leahy and Chief Gunner's Mate Morris. Both submarine boats were badly scorched. The tender Fortune and the tug Unadilla were also injured, the latter catching fire. The men were forced to jump overboard to escape from the flames.

Double Tragedy in Michigan.
Alpena, Mich., Sept. 19.—A coroner's jury found a verdict of murder and suicide in the case of George Bradbury, 19, and Noah Priest, 18, who were found Friday on a country road three miles from Alpena, shot through the heart. The young couple had been engaged and it is understood the girl had broken off the engagement.

Cold Above Pike's Peak.
Colorado Springs, Col., Sept. 19.—The meteorograph attached to the kite sent up from the summit of Pike's Peak Friday by Dr. Blair of the weather bureau registered 27 degrees Fahrenheit or five degrees below freezing, at an altitude of 10,000 feet, which is about 2,000 feet above the summit.

Former Ball Magnate Dead.
Omaha, Neb., Sept. 19.—Charles H. Myrick, formerly owner of the Des Moines Western League baseball club and once vice-president of the league, died Thursday night at Excelsior Springs and was buried at Odessa, Ia., his former home, Saturday. He was 54 years of age.

GRAPES WILL THRIVE WELL IN JANESVILLE

Remarkable Information On the Production of Grapes in Rock County—Plant Grapes in the Fall.

In and around Janesville there are hundreds of acres of land lying idle and not producing enough to pay the taxes, to say nothing about interest on the money invested. This land could all be bringing in from \$100 to \$300 each year if grapes or fruit trees were set in. As it stands now, the land is not even good enough for pasture, being overgrown with brush, bushes and weeds.

There is no question as to the profitability of planting grapes judging from past experience of those who have grown them in Janesville and vicinity. Possibly a good example of what has been done right here in Janesville could be made of Mr. B. Spence residing at 652 Pleasant street of this city. Mr. Spence is a gentleman in his eighty-third year, with his wife in her eighty-fifth year, hale and hearty even in their old age. Mr. Spence has resided in Janesville for over 50 years and for forty years has lived at his present home. He has cultivated grapes very successfully, having the Worden, Niagara, Brighton, Concord and More's Early varieties. One vine was shown which contained 20 to 25 lbs. of grapes in large bunches, weighing as high as a pound each, and Mr. Spence made the statement that at least 15 lbs. had already been taken from the vine. This particular vine was of the Niagara variety and the fruit was as delicious as it is possible to find anywhere. One vine of the Brighton variety had been picked entirely and had produced forty lbs. of grapes this season which is the third crop taken from the vine. As high as 50 lbs. have been taken from vines that are five years old.

In going into conversation it was found that 1210 vines could be planted to an acre if the vines were placed six feet apart either way, or 680 vines to an acre if planted 8 ft. apart either way. Grapes can be marketed profitably if the price received is only 20 per pound, though the price received is larger than this. Figuring on a basis of only 20 lbs. to the vine, which is a low estimate, an acre of 1210 vines would yield a return of \$184.00 per season, and on a basis of 680 vines to an acre the return would be \$272. Even though the demands of the local market were not sufficient to take the entire crop yielded in Janesville, the grapes could be shipped to all cities east and west, and it is an easy matter to ship grapes as they keep much better than other fruits generally do. However, upon inquiry of the local wholesaler it was found that for a period of four or five weeks 3000 baskets are shipped into Janesville each week. This means that 96,000 lbs. of grapes are consumed right here in Janesville each year and as the home production is only the smallest fraction of this amount, it will be readily seen that the prospects of rich harvests for the man who will plant grapes are greater than he could expect from other products, and beyond the cherished dreams of most practical farmers. Yet these are facts tried and found true from actual experience.

It is estimated that vines planted this fall will yield as high as 20 lbs. of grapes next season, and that the following season the yield from the same vine will be 30 lbs. and an increase each season up to 50 lbs. or more. These are only estimates, but they come from men who are familiar with the growing of grapes. In setting out vines it is always better to use those from seedlings or layer vines than from cuttings if you want best results.

Grapes have greater value than just the eating of them in the ripe state, as many gallons of jelly are made each year, and of course the wine, but grapes can be kept in the ripe state from one year to another, by packing them in a stone jar putting in a layer of grapes and then cover with sugar, and then another layer of grapes and another layer of sugar and so on until the jar is filled.

A picture of a grape vineyard near Milwaukee, furnished by Mr. E. Ellsworth, has been placed on display in Hall & Bayles' window and gives another instance of the success of growing grapes in this state. This picture shows an 80 acre vineyard and one that has been very successful.

Mr. E. Ellsworth, who has been in Janesville for almost two years is an experienced nurseryman and has done much to further the growing of grapes in Rock county and vicinity. This spring he set out 1000 grape vines at Father Vaughan's beautiful home, 5,500 grapes at Mr. Froehlich's place, and 6,000 vines at Mr. Robert J. Kennedy, all of this city, and in Beloit has contracted to furnish 50,000 vines to one firm. Mr. Ellsworth has made the fullest guarantee in all his sales and makes the statement that any stock which he has planted and it has failed to grow will be replaced free of cost if the owners will correspond with him. His address is Rock Box 114, or he can be reached by phone, number 69 either phone.

Any one desiring to look further into the culture of grapes and cars to correspond with Mr. Ellsworth can do so, and it might be well to clip out this item for future reference. Mr. Ellsworth furnishes experienced men to plant and properly take care of them until they are started. If you have timber land, or land with brush on it, Mr. Ellsworth will contract to clear the land and plant the vines. He also furnishes some very intelligent literature on the planting, growing and pruning of grapes which can be had for the asking. Those who would care to enter into the matter but feel that they can not stand the expense at this time can make terms for payment on time.

PROFESSOR W. W. DALE WILL ADDRESS MENS MEETING

To Speak at the Y. M. C. A. Men's Meeting Tomorrow Afternoon.

Professor W. W. Dale of the Southern Wisconsin Business college will address the men's meeting at the Y. M. C. A. building tomorrow afternoon at three o'clock. Mr. Dale's subject will be "The Young Man in Demand" and he will talk of the qualities in a young man which are demanded by the business men of today. There will also be special vocal and instrumental music. All men are welcome.

MILITARY BURIAL FOR SELFRIDGE

VICTIM OF AEROPLANE TO BE
BURIED AT ARLINGTON.

DISASTER INVESTIGATED

Board of Signal Officers Blames No
One—Cause of Accident Ex-
plained by Mr. Wright's
Mechanic.

Washington, Sept. 19.—Fort Myer, the scene of Thursday's aeroplane disaster, which resulted in the death of Lieut. Thomas E. Selfridge of the Signal Corps and the serious injury of Orville Wright, presented a cheerless aspect Friday.

Lieut. Selfridge's body was removed from the hospital to an undertaker's, where it will remain until the arrival of the young officer's father, who wired from San Francisco that he would like to have his son buried either at Arlington or West Point. The funeral arrangements have not yet been made, but a military funeral will be held and burial will probably be at Arlington National cemetery. Prof. Alexander Graham Bell, president of the Aerial Experiment Association, of which Lieut. Selfridge was secretary, will come from Nova Scotia to attend the funeral.

Official Inquiry Made.
Maj. George O. Squier, acting chief signal officer of the army, convened the board of signal officers for the purpose of making an official inquiry into the death of Lieut. Selfridge.

The finding of the board of inquiry was given out by Maj. Squier as follows:

"The board finds that the accident which occurred in an unlighted flight made at Fort Myer, Virginia, at about 5:15 p. m. on September 17, 1908, was

Orville Wright.

due to the accidental breaking of a propeller blade and a consequent unavoidable loss of control which resulted in the machine falling to the ground from a height of about seventy-five (75) feet.

"The board finds that Lieut. Selfridge, first pilot of the Signal Corps (attached to the Signal Corps by department orders and assigned to aeronautical duty), accompanied Mr. Wright, by authority, on the aeroplane for the purpose of officially receiving instruction, and received injuries by the falling of the machine which resulted in his death."

Wright to Have Time for Tests.
The Signal Corps will proceed with its aeronautical work and it is understood the Wright brothers will be permitted to make their official trials whenever they are ready, without endangering their chance of receiving the contract price of \$25,000 for their aeroplane.

Mr. Wright's assistants, Taylor and Farness, took with them to the hospital two of the broken parts of the aeroplane; the piece of the propeller which gave the first indication to the spectators that an accident had occurred and the attachment which held one of the controlling wires fast to the rudder. They showed these to Mr. Wright, who said to Taylor:

"The machine was already recovering its balance when it struck, and I am sure if we had had 25 feet further to go we would have landed on the skirts without serious damage."

Cause of Disaster Explained.
Speaking for Mr. Wright, Mr. Taylor said:

"The accident was caused by an extraordinary vibration of one of the wires running from the main planes to the upper steel fitting of the rudder. This vibration was so great that the wire got in range of the propeller and was struck by the blade, cutting a deep gash in the edge of the propeller blade about four inches from the end. This caused the blade to break. The other blade of the propeller flew around and in turn struck the same wire, breaking it. This made Mr. Wright lose control of his rudder entirely, and the loss of both blades of the propeller and the breaking of the wire caused him to lose control of the plane."

Fleet on Its Way to Manila.
Washington, Sept. 19.—Rear Admiral Sperry, commander of the Atlantic battleship fleet, informed the navy department by cable Friday that the fleet, having left Albany, would proceed to Manila by way of the Lombok straits, the Straits of Macassar, the Celebes sea, the Straits of Sulu and the Sulu sea. These waters are unfrequented ordinarily by either naval or commercial vessels, but the route selected by Admiral Sperry is the shortest between Albany and Manila.

SHIP CRUSHED; THREE DIE

STEAMER COLON BATTERED BY
FIERCE HURRICANE.

Panama Craft Plying Between New
York and Isthmus Arrives in
Port, However.

Colon, Sept. 19.—The steamship Colon, half-masted and showing other evidences of distress, came limping into port Friday. She had been badly battered by the hurricane encountered Sunday. Three members of her crew lost their lives while engaged in the hold in repairing a water tank.

The Colon belongs to the Panama Railroad Company. She left New York September 10, and was due to arrive here Thursday. She encountered the hurricane at a point 40 miles north of Watling Island. The wind blew 100 miles an hour, and tremendous seas were soon sweeping over the vessel. The staterooms and the dining saloon were flooded, one of her smoke stacks was carried away, three boats were washed overboard, and the wireless telegraph apparatus was dismantled. Orders were given that no passengers be allowed on deck, and the travelers had to spend Sunday and Sunday night in the dining saloon. The water got to the mail bags, and the registered and ordinary mail was badly damaged. Sunday night passed with the ship laboring through the storm and the passengers huddled below in a state of panic. Early Monday it was discovered that salt water was making its way forward into the fresh water tanks. Fearing that the fresh water would give out the second assistant engineer, William Lilley, and the ship's carpenter, J. Olson, were sent down into the hold Monday afternoon to change the tank connections.

The two men were below for an hour without giving any signs of returning. Anxious for their safety, B. Barth, a water tender, and A. Sanders, a junior engineer, volunteered to go below and learn what had happened when the disaster occurred.

BRYAN SPEAKS IN NEW YORK.

Democratic Candidate Is Given an Enthusiastic Reception.

Carnegie Hall, N. Y., Sept. 19.—Democracy's presidential campaign in Greater New York had its advent Friday night when William J. Bryan, at a mass meeting under the auspices of Tammany Hall, spoke before enthusiastic thousands, who filled Carnegie hall and overflowed into the streets. The ovation accorded to the presidential candidate was a brilliant climax to a day in which the party paid Mr. Bryan a continuous reception. Before the meeting the candidate spoke from a car and to an overflow gathering of New York's thousands who had faithfully stormed the line of police to gain admission to the hall. On his arrival here Mr. Bryan spoke at a noonday meeting and during the afternoon held constant forces at his hotel where Democratic leaders in the city and state called upon him.

Horrible Deed of Deranged Woman in
Mobile, Ala.

Mobile, Ala., Sept. 19.—Mrs. Margaret Bradford, a widow, suffering from mental derangement, Friday morning saturated her bed with oil and then set fire to it, lying in bed to await cremation. The pain became so intense that she sprang out of bed and ran through the streets screaming, her clothing ablaze. She was horribly burned and physicians pronounce her recovery impossible.

Poisons Her Son and Herself.

COMMON SENSE

Least most intelligent people to use only
medicines of known composition. There-
fore it is that Dr. Pierce's medicines, the
makers of which print every ingredient
entering into them upon the bottle wrap-
pers and attest its correctness under oath,
are daily giving in favor. The com-
position of Dr. Pierce's medicines is open
to everybody. Dr. Pierce's medicines being
of having the scientific method of investi-
gation turned fully upon him, resulting in
the conclusion that the latter from them
of these medicines is known the more

cognized. Being wholly made of the active
medicinal principles extracted from na-
tive forest roots, by exact processes
original with Dr. Pierce, and without the
use of a drop of alcohol, triple-refined and
chemically pure glycerine being used in-
stead in extracting and preserving the
curative virtues residing in the roots
employed, these medicines are entirely
free from the objection of doing harm
by creating an appetite for other al-
coholic beverages or habit-forming
drugs. Examine the formula on their
bottle wrappers—the same is sworn to by
Dr. Pierce, and you will find that his

blood-purifier, stomach tonic and bowel
regulator—the medicine which, while not
recommended to cure consumption in its
advanced stages (no medicine will do that)
yet does cure all those catarrhal condi-
tions of head and throat, weak stomach,
torpid liver and bronchial troubles, weak
lungs and lungs-sounding, which, if neglected
or badly treated, lead up to and finally
terminate in consumption.

FOREST FIRES ARE CHECKED BY RAIN

DOWNPOUR INSURES SAFETY OF
NORTH SHORE TOWNS.

CANADA ALSO REJOICES

Further Destruction There Is Averted
—Serious Conflagrations Raging
In the Woods of Penn-
sylvania.

Duluth, Minn., Sept. 19.—A heavy rain fell at Grand Marais extending westward from there 15 or 20 miles. While not extinguished, the forest fires were held in check as a result of the storm, and Grand Marais, Chicago Bay, and other north shore settlements that have thus far escaped the flames, are considered safe.

The steamer America arrived from north shore points Friday bringing this intelligence and the further news that Mr. Menker and the seven Indians who went with him to the assistance of the settlers north of Grand Marais are home again safe and sound.

Shortly after they left the north shore town their retreat was cut off by the flames, and they were forced to have perished. An avenue of escape was left open to them to the northward, however.

Canada Welcomes Rain.

Port Arthur, Ont., Sept. 19.—All danger from the bush fires which have threatened this district for the past few weeks has been averted by the welcome arrival of rain Friday. Much valuable property which appeared to be doomed is now comparatively safe. A dense pall of smoke hanging over the north shore of Lake Superior still ties up navigation to Canadian ports. Boats arriving here Friday brought stories of the terrible devastation and heroic battles against forest fires by the people along the United States boundary.

East in Flames? Grip.

Williamsport, Pa., Sept. 19.—Extensive forest fires are raging in this part of the state as a result of drought. Near Laquon, Bradford county, 10,000, 000 feet of logs belonging to the Central Pennsylvania Lumber Company of this city are in danger of destruction, and 200 men are at work fighting the flames. Millions of feet of logs and thousands of cords of bark belonging to the Goodyears are also threatened by the flames. A large quantity of those from this city was sent to Laquon to be used in conveying water to the woods. It is impossible to estimate the losses, as the fires are beyond control and spreading over hundreds of acres. A heavy pall of smoke covers the country for miles and the sun was obscured as if by clouds.

Maine Town Threatened.

Augusta, Me., Sept. 19.—A dense pall of smoke enveloped the state of Maine Friday night as the result of numerous forest fires that are devastating thousands of acres of timber lands, and causing grave anxiety for the safety of the property in at least 14 towns in eight counties. Probably the most serious fire is in Hancock county, but vast sections of woodland are burning in Piscataquis, and Rosecomb, Somerset, Oxford, York, Cumberland and Penobscot counties. The towns and villages where the danger is great or damage heavy include Brooksville, West Hancock, Surry, Dickvale, Jackman, Libon, Seabrook, Biddeford, Eliot, York, Olanow, Milford, Cardville and Castigan.

Big Blaze in Fort Dodge.

Fort Dodge, Ia., Sept. 19.—Fire Friday night destroyed the Mulrooney Manufacturing Company's plant here. The loss is estimated at \$125,000.

Widow to Convert.
A curious provision is made in the will of Michael Hammer, an Irish settler, who left nearly \$10,000. He bequeathed \$5,000 to the Mother Superior of any convent his wife should enter after his death, it being his desire that the widow should devote the remainder of her life to prayer. If she declines to enter a convent she is to receive only some jewelry.

Suggestive Questions on the Sunday School Lesson by Rev. Dr. Linscott.

September 20th, 1908.
Reviews—Read Psalm 18.
Golden Text—And David perceived that the Lord has established him king over all Israel, and that he had exalted him kingdom for his people.
Isaiah's sake, I Sam. x:12.
All members of this Bible Study Club, and all students of these questions, are urged to make this review thorough.
Read all the lessons and memorize each Golden Text. Following are the titles, the Golden Texts and one question in connection with each lesson.
1. Israel Asks for a King. I Sam. x. Golden Text—By me kings reign, and princes decree justice. Prov. viii:15.
Verses 1-4—Are parents necessarily to be blamed, either for ignorance, neglect or sin, when their children turn out bad?
2. Saul Chosen King. I Sam. x:17-27. Golden Text—He that ruleth over men must be just, ruling in the fear of God. I Sam. xiii:13.
What is the first essential in order to be a success in ruling over either children or men?
3. Samuel Warns Saul and the People. I Sam. xiii:22.
Golden Text—Only fear the Lord and serve him in truth with all your heart; for consider how great things he hath done for you. I Sam. xiii:21.
Verse 13—If we can compare a life policy, as good, better and best, what will be God's attitude toward us if we adopt that which is lower than the best?
4. Saul Rejected by the Lord. I Sam. xiii:28.
Golden Text—The Lord our God will be served, and his voice will we obey. Josh. xxiv:21.
Verses 14-17—May a person like Saul, he very religious and practice sin without "the beating of the sheep" being heard by his neighbors? Give your reason. I Sam. xiii:21.
5. David Anointed at Bethlehem. I Sam. xvi:1-13.
Golden Text—Man looketh on the outward appearance, but the Lord
looketh on the heart. I Sam. xvi:7.
Verse 1—What method did God use in talking to Samuel, and what method does he use today in talking to faithful?
6. David and Goliath. I Sam. xvii:33-49.
Golden Text—In the Lord put I my trust. Ps. xli:1.
What are the greatest giants which oppose our personal progress, and how are we to successfully fight them?
7. Saul tries to Kill David. I Sam. xviii:6-16.
Golden Text—The Lord God is a Sun and a Shield. Ps. xli:1.
Verse 6—Are the sorrows of success generally greater or less than the sorrows of defeat, and why?
8. Friendship of David and Jonathan. I Sam. xviii:30.
Golden Text—A friend loveth at all times, and a brother is born for adversity. Prov. xvii:17.
Do such friendships exist between David and Jonathan exist between women, and may such Platonic and purely spiritual friendships, honorably exist between men and women? (This question must be answered in writing by members of the club.)
9. David Spares Saul's Life. I Sam. xxvi.
Golden Text—Love your enemies; do good to them which hate you. Luke x:27.
Is it really desirable in these days that we love our enemies and why?
10. Saul and Jonathan Slain in Battle. I Sam. xxxi.
Golden Text—Prepare to meet thy God. Amos iv:12.
Verse 1—May we ever expect to win in anything if God is against us, and if not, how do you account for the apparent success of some bad men?
11. David Made King Over Judah and Israel. I Sam. iii:17; v:1-5.
Golden Text—David went on and grew great and the Lord God of Hosts was with him. II Sam. vi:18.
Verse 1—Did David expect a definite answer from God, and may we expect similar answers to our questions? Lesson for Sunday, Sept. 27th, 1908. Temperance Lesson—Malch. vi:11-23.

Eight Other Popular People Will Receive Handsome Awards.

Owing to the great success of last year's contest, conducted by The Daily Gazette, we are impelled to make another offer, which, being much larger than its predecessor, will undoubtedly be received with greater enthusiasm.

The choice of the prizes was made after considerable deliberation, and we believe them to be the things most desired by the people of the present day. Watches are almost indispensable, while diamonds are not only beautiful, but have a true cash value. A trip abroad is the one thing we all want and all expect or hope to make some day. Now is your chance to get it at no expense to yourself.

The reasons for this contest will be frankly stated at the start:

FIRST—To more thoroughly interest the public in the Daily Gazette and thereby increase its already large circulation.

SECOND—To offer to every member of every organization an opportunity to show the true value of fraternal association and to the general public a chance to prove that this section of Wisconsin is not devoid of the old-style love and friendship that we read about in story books.

THIRD—To offer the easiest and quickest way possible to some one to secure a trip that is well worth while—a trip that perhaps may have been their life ambition—and eight others to secure valuable prizes as tokens of esteem from their friends.

The Districts, the Prizes and Where They Will Go.

Candidates compete only with those residing in their own district, but are privileged to secure support and work for votes in any district.

District No. 1—Includes all territory lying within the corporate limits of the city of Janesville.

District No. 2—Includes all territory lying outside the city of Janesville.

WHERE THE PRIZES WILL GO AND WHAT THEY ARE.

In District No. 1—One handsome diamond ring to the lady receiving the highest vote and a fine solid gold watch to the lady receiving the second highest vote. One handsome diamond ring to the gentleman receiving the highest vote, and a fine solid gold watch to the gentleman receiving the second highest vote.

In District No. 2—One handsome diamond ring to the lady receiving the highest vote and a fine solid gold watch to the lady receiving the second highest vote. One handsome diamond ring to the gentleman receiving the highest vote and a fine solid gold watch to the gentleman receiving the second highest vote.

THE GRAND PRIZE—Will be a trip to Europe, visiting Scotland, England and France, including all necessary expenses. The winner will accompany a party conducted by Thos. Cook and Son. This trip will go to the candidate—lady or gentleman—having the highest vote in the entire contest. No candidate can win two prizes. The first prize—diamond ring—in the district where the grand prize is won, will go to the one having the second highest vote; the second prize to the one coming in third.

Who May Enter This Great Contest

RULES AND REGULATIONS.

Candidates must be members of a church, lodge, club, labor, literary or social organization holding meetings in the city of Janesville or vicinity, or be endorsed by some business or professional man in this vicinity.

They may be of either sex, but must be at least 18 years old.

The voting will be by ballots clipped from the Daily Gazette and by voting certificates issued with subscriptions for the Daily Gazette.

Each nomination ballot clipped from the paper will count five votes for the lady or gentleman named thereon when received at the office before the date of expiration given on the ballot.

Candidates for either a lady or gentleman contestant will be tested with receipts for subscriptions. Ladies and gentlemen do not compete with each other except for the Grand Prize.

Enter your name or that of a friend and get a good start for Europe.

At the close of the balloting the returns will be canvassed by a committee of well-known business men from the various districts, whose standing in the community is unquestioned.

The balloting began with the issue of Sept. 17th and will close at 8 o'clock p. m., November 2nd, 1908.

No employee of the Gazette or member of any employee's family will be eligible as a candidate.

The decision of the contest committee in making awards of prizes shall be final and conclusive.

All contestants in accepting nominations must agree to the above rules and regulations.

In the event of a tie between candidates for any of the prizes, the value of such will be equally divided between them.

OUR SATURDAY NIGHT

"It doesn't cost money, as many suppose, to have a good time on the earth; the best of its pleasures are free unto those who know how to value their worth."

"No money can purchase, no artist can paint, such pictures as nature supplies. For ever, all over, to stunner and saint, who use to advantage their eyes."

"Kind words and glad looks and smiles cheer and brave, cost nothing—no, nothing at all; and yet all the wealth Monte Cristo could save."

"Can make no such pleasure befall, 'Communion with friends that are tried, true and strong, to love and be loved for love's sake. In fact, all that makes life happy and long."

"Are free to whoever will take."

"Someone contributed to McCall's Magazine this little poem, which contains so much of practical common sense that it is worth considering."

"People's lives differ so largely, as to what constitutes a good time, that it would be difficult to outline a plan which would satisfy a respectable minority."

"A man stumbled into the office this morning, so drunk that the counter was necessary for a support, and an interpreter would have been puzzled to find out what he wanted, but he was having the time of his life, as happy as a clown."

"Dutch Charley" works for a farmer over in Walworth county. He is a faithful, steady worker, honest and reliable, except on occasion and that is when he has a little money. Then he has a thirst for rum which nothing but rum will satisfy.

"Charley possesses other an inher-

ited or well cultivated appetite, for when he drinks there are no social considerations. He goes off by himself and gets blind drunk, and remains in this condition for days, if the whiskey holds out.

A month ago he drove to Delavan, one morning, with \$19 in his pocket, entered a saloon and called for 5 gallons of 40-rd whiskey, for which he paid \$15.

The next morning he was back home, but too full for utterance, and with the leg of rum carefully hid away in the woods, he remained dead to the world for the next 10 days. He, too, was having the time of his life without disturbing the peace or molesting the people.

Victims of appetite, whose god is their throat and stomach, one notch lower down in the scale than the glutton, but of the same order.

Some people profess to be epicures. Their digestive organs are so delicately constituted that they demand constant thought and attention. They tell you how much they love certain kinds of food, and when you see them holding a knife and fork at the table, squared away for action, you realize that no mistake has been made in analyzing their intentions.

Next to the irresponsible tramp, satisfied with any kind of food, when night overtakes him, the confirmed drunkard and glutton have perhaps the best time with the least effort of any class of people on earth, for the mind and brain are dormant, to such an extent, that they seldom suffer, but the average mortal is neither a drunkard nor glutton, and the demands of appetite are more easily satisfied than any other class of demands.

Some people have a mania for work, and are never satisfied unless the work of today laps over on the time of tomorrow. A vacation, to this class of people, is nothing less than a crime, and they seldom take one until they depart on the long journey, not to return, yet they are happy in their work, and would be miserable on the golf ground, or behind a gun in the field of sport.

These contented busy people are not all money grabbers, for many of them are women, careful housewives, with such a horror for dirt that the days are not long enough to battle with it.

They are up at daybreak and when night comes find comfort over the stocking bag in suggesting to the head of the family that:

"Alan may work from sun to sun, but woman's work is never done."

One of these busy Martinis said to a friend in a whisper, as she bent over her darning last night: "There comes, John; tell him to take off his boots in the woodshed, so as not to mar the kitchen floor." But she was a happy wife and mother, and her only worry about the future was that she might not find enough to do to keep her contented.

There is another class of women who manage to get a good deal of pleasure out of life without much money. They are known as the bridge-widest enthusiasts, so well represented just now in all parts of the country.

The element of luck and the modest prize makes the game very fascinating, and as a promoter of good fellowship, discounts the gossip clubs of the last decade.

Many middle-aged and elderly women find in bridge the means of social life, while younger matrons discard the dance for the more quiet amusement.

Every normal life is a social life and companionship is found in the church or society, as environment and education suggest.

The "Dutch Charley" who go off by themselves and drink five gallons of whiskey at a single session, are the exception, and not the rule.

The east coast of Florida is lined every winter with 15,000 tourists whose principal asset is money. They pay cheerfully five dollars a day for two-dollar hotels and speculate to the tune of \$50,000 a day at the Palm Beach Monte Carlo.

The average speculator, with a modest income, turns away with the thought that this handful of newly rich people represents but a fragment of the great army of Atlantic City, who manage to get a great deal out of life with a moderate amount of money.

Wealth is a good thing to possess, but it by no means insures happiness, for happiness is based on contentment, and contentment is never bought nor sold.

Life is what we make it, and destiny is largely controlled by individual effort. We make or mar it at will. The best life is a helpful life, and the highest pleasure is found in sacrifice and service.

Diagnosis

When your thoughts won't turn, And your glances won't, And the tip of your nose is red— And there's no dry rest In your handkerchief, And your comforts all have fled; When you cough and sneeze, And your proboscis Is minus the sense of smell— As a beer tastes good As a rickety would So far as your taste can tell; When a good cigar And a stogie are All in their rich bokay— When your throat is parched, And your temper stretched, And your nose just runs away— That's hayfever.

Taking a Fresh Start

The following is reported to have been found on the wall of a deserted cabin in the heart of Nebraska:

THAT GIRL OF YOURS.

"In seven-tenths of the 3,000 cases of insanity among women which have come under my notice the cause was directly traced to the malignant influence of childhood."

So says an insanity expert. What he means is that our modern system of rearing girls does not permit them to properly develop their girlhood.

Another startling? If you will look about you, you will note evidences of the false system. How seldom do you see a developed, vigorous, physically forceful girl? If you look into the schoolrooms you will discover many pretty faces aglow with intellect, but you will also see drooping shoulders, evidences of weak spines, sunken chests, blanched faces, lack of initiative life forces.

Is it not true? Where are the girls who are to be the Spartan mothers of the race? You will find them not among the native but among the foreign born. Where are the "tomboys"—the blithe, lusty, wide hippled, deep chested, agile creatures, cheeks ruddy with red corpuscles—the climbing, romping, laughing, whistling girls?

You will find some of them in the country districts, a few in city gymnasiums.

What our girls need is more of exercise and less of repression, less of priming and pampering, more of sunlight and air, less of cosmetics and chocolates.

Ask the doctors. If you have a strong girl of high spirits, be proud of her. Do not try to tone down her superabundant vitality. She will need all she can store up some day. Let her run wild like an Indian maiden.

MAKE A STRONG ANIMAL OF HER first of all.

Tough muscles, red blood, action, appetite, spirits—FOR THESE THINGS IS SHE A GIRL.

Never mind the freckles on her nose, the tan on her cheek. They will come off. Never mind her long stride and fence climbing agility. Plenty of time to tone down. Even a holdenish savage is infinitely to be preferred to a scrawny, nervous, overwrought nerves and overpolished manners—and doctor's bills.

Some day that tomboy of yours will marry. What a wife and mother she will make! Her children will rise up and call her blessed.

Don't coo your girl. Don't treat her like a house bloom.

Let the girl run.

Room Without Noise.
For many physical researchers a perfectly noiseless room is a desideratum. If such could be devised it would open out new possibilities of research. At the University of Utrecht the problem has been apparently successfully solved by the room designed by Zwaardemaker.

Shower of Sulphur.
Charolles, a small town 30 miles from Maacon, in France, has recently been visited by a shower of sulphur. The roofs, gardens, fields, vineyards, rivers and ponds were covered with a yellow dust, and for some time the peasants in the fields were troubled by a sulphurous biting odor which made breathing difficult.

Best Sugar in Europe.
Europe's production of beet sugar in the season of 1907-08 was 6,552,000 tons, a decrease of 158,000 tons from 1906-07 and 380,000 tons from 1905-06. Germany led in 1907-08 with 2,132,000 tons followed by Austria-Hungary with 1,400,000 and Russia with 1,410,000.

Richest Girl in Oklahoma.
Ruth Tate Brady of Oklahoma is the richest girl in the far west. She is 12 years old and has in her own right an income of \$100 a day. Her mother was a half-blood Cherokee Indian. Miss Brady received 300 acres of public land on the allotment, and on this tract oil wells have been developed producing daily 2,000 barrels of oil.

GOOD BREAD

We shall continue our demonstration of the "Universal" Bread Maker another week. Visitors are delighted with the small souvenir loaves we are baking and giving to the ladies who call. Then they are greatly interested in the quick and easy manner in which the "Universal" does the mixing and kneading of the dough in three minutes. It's really a wonderful thing to the woman who has been accustomed to the old hand-kneading process of making bread. Just come in and get one of these little loaves of bread, a handy book of recipes, and see how nicely and easily the "Universal" does the work of bread making.

Saves Time

Saves Flour

Inexpensive

Strong and Durable

Just think of what it means to the housekeeper to be able to mix and knead her bread in the three short minutes, more thoroughly than it can be done by hand in twenty to thirty minutes. When you see the demonstration and try one of the little loaves (kneaded in three minutes) you will certainly be convinced of the extraordinary goodness of the "Universal."

Not a spoonful of flour need be added to your mixture after you have used the "Universal" a time or two. As you will not need a breadboard, there will be no flour waste on that. And as the kneading rod removes all the dough from the sides of the pan, it may well be said that there is absolutely no waste when a "Universal" is used.

DIEHLS

When your roof is shingled with cement shingles you have the assurance that:

They will not rust.
They will not wear away.
They will not decay.
They will not crack.
They will not chip.
They will not tear off.
They will not warp.
They will not crumble away.
They will not burn.
They will not melt.
(Like tar or asphalt)

They will not require repairs.

They will not rattle like tin.

They will not need paint because we use the best German colors obtainable and guarantee them not to fade.

They will not lose their rich architectural appearance, but rather an increase in appearance with age.

They will not contract or expand with heat or cold.

They will not increase the load on your roof by becoming water soaked.

They will not rot your roof timbers.

They will not coat as much as wooden roofs and will last as long as your house will stand.

Man's Study of Himself.
Omit a few of the most abstract sciences and mankind's study of man ceases nearly the whole field of literature. The burden of history is what man has been; of law, what he does; of physiology, what he is; of ethics, what he ought to be; of revelation, what he shall be.—George Finlayson.

SERVED ANSWER IN POLICE HEAD CASE

Defendant's Attorney Served His Answer to Plaintiff's Complaint Today.

Today the answer of George Appleby, defendant in the case of the State of Wisconsin on relation of John Brown vs. George Appleby, was served on the plaintiff's attorney. The answer denies certain allegations of the complaint and alleges as a defense and bar that Janesville is a city of the third class. That the Board of Fire and Police Commissioners was properly organized at the time of the election of Appleby, that both the plaintiff and the defendant were candidates for the office in question, and that the defendant was properly elected and has qualified. The complaint states that the plaintiff is a patrolman and as such under the direction and authority of the city marshal under the rules adopted by the board and by the council, and as such ought not to be permitted to question the defendant's right to the office of chief of police.

That the defendant was properly elected and qualified is also alleged as a defense.

COLT SMASHED UP WAGON IN RUNAWAY

Occupants of Wagon Were Uninjured But Had a Hard Tussle—Horse Belonged to Geo. J. Kellogg.

This morning a four-wheeled colt belonging to Geo. J. Kellogg, this morning, objected to the conditions of civilization, namely a harness, and by running and kicking managed to smash the wagon he was pulling. Mr. Kellogg and his son had come into town, driving the colt, which is a big powerful beast and after watering it at the fountain at the Court House park turned to drive across the Court street bridge. As they were driving along Court street by the side of the grocery store the colt started to run and began kicking. When they were in front of Hootch & Bell's he headed for the telephone post standing at the edge of the bridge and did succeed in striking it, despite the efforts of both the son and Mr. Kellogg. One of the wheels was taken off when the pole was hit and the shafts were broken. A colored man, who is employed by Dr. Brown, came to their assistance, seizing hold of the bridle. The colt then turned and started across the street toward Harless' place, dragging the three men with him. When the wagon struck the telephone post both of the occupants were thrown out, but managed to alight on their feet and were uninjured. The wagon, however, will need repairing.

JANESVILLE GRANITE BRICK TO RESUME NEXT WEEK.

The plant of the Janesville Granite Brick Co., which has been shut down for the past 30 days to make some alterations and changes will begin operating next week for the fall and winter's run. Considering the backward season that has prevailed over the country this season this concern has done a very satisfactory business as the product of this factory is recognized as the very best of its kind made.

Among the many buildings in Janesville and vicinity that have been furnished brick are the following:

Fred Jones, residence; Sam'l Cobbs, residence; W. S. Haight, residence; J. E. Sheldahl, residence; P. J. Van Pelt, residence; Mr. Matthews, Pleasant street; Adam Holt, residence; Fred Rosdahl, residence; same, 3 houses at Shoptown; Wm. Hiltz, residence; W. J. Hill, 2 houses; Janesville Machine Co.; J. M. Hostwick & Sons' new building; M. P. Richardson's new building; Wm. Zull's residence; Eng. Gorman Lutheran Church at Madison; M. E. Church at Dodgeville; Public Hospital at Columbus, Wis.; W. D. Houtard, military building at Fort Atkinson, Wis.; High School at New Lisbon, Wis.; business block at Clinton Junction, Wis.; and a large number of small jobs of other kinds. This material is rapidly gaining in favor all over the country and most of the various factories are running behind with their orders, so great has been the demand.

TWO NEW CARRIAGES FOR FUNERAL SERVICE.

This morning brought the arrival of two handsome carriages to the already large line of D. Ryan & Sons, Undertakers. These carriages were purchased from Cummings & Co., Rochester, N. Y., famous for the manufacture of fine landaus and closed carriages. In adding these two beautiful carriages, D. Ryan & Sons are now better equipped for funeral work than any other undertaker in the state of Wisconsin, not even exempting those of Milwaukee and larger cities. It would be hard to find a heavier line of carriages than those of this firm.

Miss Mae Humphrey and Miss Mina Catter were among the Janesville visitors at the Elkhorn fair yesterday.

Last evening at the East Side Odd Fellows' hall about twenty-five couples enjoyed a dance until one o'clock. The Roy Carter orchestra furnished the musical part of the program for the evening.

Miss Hazel Spencer left this morning for Chicago, where she will visit friends for a week.

Mrs. Nicholas Reed, who has been enjoying an outing at Lake Waubesa, has returned home.

Miss Constance Pomer entertained at a lunch ride and picnic supper up the river this afternoon and evening, in honor of her guest, Miss Iva Flower of Thomas of Memphis, Tenn.

Mrs. N. L. Carlo and Mrs. C. H. Bowditch attended the concert by Elly's band at Harlem park yesterday.

Mrs. W. H. Walsh of Chicago is the guest of her sister, Mrs. John Crowley, at 256 Irving street.

Miss Elizabeth Wilcox spent the day in Chicago.

Mrs. W. H. Hurrell left this afternoon for Los Angeles, Cal.

Mrs. David Watt entertained the members of one of the ladies' whist clubs at the Country Club yesterday afternoon.

Thursday evening Miss Irma Zieker entertained fourteen of her friends at a Japanese supper given in honor of her friend, Miss Lottie Jones of Chicago, who is a guest at her home. The house was elaborately decorated and the entertainment was thoroughly enjoyed by all who attended.

Last evening at the home of Mr. and Mrs. George R. Barker, a reception was given to about two dozen of the old friends of Mrs. Chas. Conrad of Chicago and Mrs. Julia Kenney of this city. The affair was entirely informal and the evening was devoted to a good old fashioned visit.

BRIEF LOCAL NEWS.

Carnival Troupe Here: Kline's Carnival company which has been showing at the Watertown fair passed through the city this morning at 10:15 on their way to Rockford. The fair at Watertown has been a decided success, the largest attendance being 25,000 people in a single day.

Platforms Soaked: The platforms of both depots were wet down this morning on account of the excessive heat and the dust which flies when the trains come in.

Dangerous Bite: John J. Myle, advanced man for the stock company which will appear here next week, is laid up with a spider bite. He was bitten in the foot while in Kenosha recently and yesterday the pain was so intense that Dr. Fred Sutherland was summoned and lanced the member.

Back from Isle of Pines: Dr. and Mrs. John C. Hollis reached Janesville last evening after a visit with relatives in North Fond du Lac. Mrs. Hollis has been here for some time, but Dr. Hollis has not been in Janesville for a year or more. Dr. Hollis left the island when it was turned over to Cuba and will locate in the United States.

Thirty Days Up: The thirty days which is given property-owners to elect whether they shall pay for the paving of a joining street and allow expenses today. Property-owners on East Milwaukee street, the city hall alley and the Lincoln school alley, which have recently been paved, have the choice of paying for the work or having bonds issued to pay for the same. The thirty days' time given for this election expires today.

May Look For Schmidt: Harry Kimball whose wife was charged with infanticide toward her children by missionary L. Schmidt last July, has returned to Janesville. He has located the missionary in Hammond, Indiana, and says that he will make him retract. He also affirms that Schmidt has been writing to his wife recently, trying to persuade her to move away from Janesville and failing in this that he wants her to make him, Kimball, give up the use of chewing tobacco.

The first regular meeting of the L. T. L. will be held at the home of Mrs. Mark Dunlap, 160 Madison street, at 7:30 o'clock Monday evening.

The Elly band at Harlem Park, Rockford and Interurban Ry.

Odd Fellows, Attention

A matter of especial importance to all Odd Fellows will be considered at the regular meeting of Wisconsin Lodge No. 14, I. O. O. F., Monday night, Sept. 21st. Every Odd Fellow should make it his business to attend the meeting.

STUDENTS OF THE BEAUTIFUL PADDLE DOWN ROCK RIVER

One of the Editors of "Country Life in America" and a Builder of Artistic Homes Passed Through Here Thursday.

George F. Costello of New York City, one of the horticultural and city editors of the three publications "Country Life in America," "The Garden Magazine," and "Farming," in company with Arthur T. Curry and Charles C. Bronson of Chicago, passed through Janesville on a canoe trip, Thursday, and after spending the night in Beloit, resumed their voyage down the river to Rockford, yesterday. Mr. Costello pronounced the scenery almost next in beauty to that of the far-famed Hudson. Mr. Bronson is a representative of Dan Leedy, Yost & Co., who publish the magazines above-mentioned, and Mr. Curry is retained by the C. H. Thompson Co. of Chicago, builders of artistic homes.

PRACTICE DELAYED BY HOT WEATHER

Team This Year Will Feel Loss of Heavy Players of the Class of 1908.

By the opening of next week football at the high school will be in full swing. The warm weather during the past week hindered practice to a great extent, but the prospects are good for a successful opening of the season in the game with Lake Mills on Oct. 3. The material this season does not appear now to be so good as last year's. The heavy weight in the line will be lacking. Eight men of last year's team were lost by graduation and their places will be hard to fill. The loss this year through studies of Capt. Milled, who, despite his light weight, put up a grand game at end, and of Wright, who was at half-back, caused sorrow in the minds of the candidates and all interested in athletics. With a change in the weather, the spirits of the boys can be depended on to rise, and the practice will proceed briskly and with enthusiasm. Among those out for the team at present, though more are expected next week, are: Campbell, Wilkerson, Sherman, F. Robertson, O. Robertson, E. Timpet, Snyder, Terry, Sheridan, Laughlin, Fisher, Owen, Hennings, Palmer, Merrill, Tullman, Koch will be depended on for one half and Kennedy will hold down a guard position. The schedule for the season has not been entirely arranged as yet, but as far as is now known it will be as follows:

Oct. 3—Lake Mills at Janesville.
Oct. 10—Open.
Oct. 17—Monroe at Janesville.
Oct. 24—Probably Plattville at Plattville.
Oct. 31—Evanston at Janesville.
Nov. 7—Probably Ft. Atkinson at Janesville.
Nov. 14—Probably Beloit at Janesville.
Nov. 21—Probably Watertown.
Nov. 28—Probably Whitewater at Whitewater.

PLANS HIGH SCHOOL DEBATING LEAGUE

Professor Kennedy of Beloit Was Here to See About Association of High Schools of Southern Wisconsin and Northern Illinois.

Professor Kennedy of Beloit college was in the city the first part of the week to confer with Mr. Buell, the superintendent of the high school here, to discuss the proposed formation of a debating league by eight of the largest high schools in Southern Wisconsin and Northern Illinois. The schools that it was planned to have in the league are: Rockford, Freeport, Elgin, and Rock Island, and Beloit, Janesville, Evansville and Madison. According to the plans of Prof. Kennedy, the Illinois schools would debate and the best debating team from there would come to debate the best team from Wisconsin at Beloit. The Beloit college authorities are ready to offer a handsome cup as a trophy if the league is formed. No definite answer was given to Professor Kennedy when he was here, but a meeting of all the principals of the schools which will form the league will be held in Beloit next week and Professor Kennedy will attend this prepared to answer for the local high school.

STATE FAIR PRACTICALLY PAID RUNNING EXPENSES

Though There Were No Profits to Cover Permanent Improvements Amounting to About \$8,000.

After adding the accounts of the state fair it has been ascertained that expenditures and receipts just about balance, though there were no profits to cover improvements aggregating about \$8,000.

The total receipts this year were \$59,528.50 and the total cost will probably reach, in round figures, \$60,000. In this case the board will have a balance on hand of about \$25,000, as the year was started with \$31,000 in the treasury and the cost of the permanent improvements was \$8,000.

NEWS FORECAST OF THE COMING WEEK

Doings of the Presidential Candidates Continue to Be the Center of Interest.

(Special to the Gazette.)
Washington, D. C., Sept. 18.—The political calendar for the week will be well filled. Judge Taft will receive a number of delegations in Cleveland and will speak before the convention of the National Republican League, which will convene in that city on Tuesday.

Mr. Bryan will put in the week in the central west. His schedule provides for political addresses in a number of cities in Ohio, Indiana, Michigan and Wisconsin. Cleveland, Columbus, Detroit, Toledo and Dayton are among the cities on the list.

The democratic state campaign in Ohio will be formally opened Saturday at Mansfield, with Judson Harman and ex-Governor James E. Campbell as the chief speakers.

New Hampshire democrats will meet in state convention to name candidates for governor and other state officers and the republicans of New Jersey will convene to name presidential electors.

Nominations for state offices in Wisconsin and the candidates for the assembly and the senate on the republican ticket will meet in convention at Madison on Tuesday to formulate a platform. The convention is of interest from the fact that it is expected to be a test of the relative strength of Senator La Follette and the opposition.

President Roosevelt will wind up his vacation at Oyster Bay and return to Washington early in the week in time to speak before the International Tuberculosis Congress which will meet in the capital Monday for a long session. The congress in itself will be a most notable gathering and will be attended by distinguished medical men and scientists from all parts of America and Europe.

An extraordinary term of the supreme court of Queens county, New York, will convene Monday to consider the question of the indictment of the Italian brothers, charged with the sensational murder of William F. Annis.

Another important event on the criminal calendar will be the trial in San Francisco of I. Wan Chang, the Korean, who shot and killed Durham White Stevens, the American advisor to the Korean government.

Important conventions of the week will include the meetings of the Farmers' National Congress in Madison, Wis., the International Fishery Congress in Washington, the National Wholesale Druggists' Association in Atlantic City, the sovereign grand lodge of Odd Fellows in Denver, the Trades and Labor Congress of Canada in Halifax, and the Upper Mississippi River Improvement association in Clinton, Iowa.

ROMAN CATHOLIC CENTRAL VEREIN

Will Be in Session in Cleveland for the Next Four Days—Formal Opening Sunday.
(Special to the Gazette.)

Cleveland, O., Sept. 18.—Many delegates have arrived in the city for the annual meeting of the Roman Catholic Central Verein, which will be in session here during the next four days. In addition to a large amount of routine business to be transacted there will be addresses by a number of prominent laymen and Catholic clergy. The pontiff high mass in St. Michael's church tomorrow morning, preceding the formal opening of the convention, will be celebrated by Mr. Diomedeo Falcone, the apostolic delegate at Washington.

Oblate Fathers
Rome, Sept. 18.—The meeting of the Oblate Fathers for the nomination of officers for their annual chapter began in Rome today. Representatives of the order from all parts of the world are in attendance. Among the delegates from the United States and Canada are Father Fallon of Buffalo, Father Lamotte of Lowell, Father Constantine of San Antonio, Father Grandin of Albert, Father Maynard of Manitoba, and Father Marvaur of British Columbia.

(Special to the Gazette.)
Haverhill, Sept. 18.—Mr. Schell, an old resident of Beloit, died here this morning at the home of his daughter, Mrs. Gust Skolnick.

This is a picture of Charles B. Hadley, who, in April, 1902, was charged with the abduction and murder of a 15-year-old girl in San Francisco. He is believed to be one and the same with E. J. Blair, who is believed to be the abductor of Veronica Cassidy last week in Chicago. Although the Cassidy girl has been returned to her home, the man who lured her to his lair and attempted to permanently kidnap her has not been apprehended. A nationwide search has been instituted for him. The police and others have been asked to watch out for him. Twenty thousand police officers in every part of the country have been enlisted in the hunt. In Chicago, late,

HERBERT KNOX SMITH AND MISS GERTRUDE DIETRICH TO BE MARRIED.

Hastings, Neb.—No greater social event of national importance will take place this month than the marriage of Herbert Knox Smith, United States commissioner of corporations, and Miss Gertrude Dietrich of this city. The date has been set for September 26 and the wedding will be celebrated in Farmington, Conn.
Miss Dietrich is known as one of the most beautiful young women of Nebraska and is the daughter of ex-Senator Dietrich.

BIG RACE MEETING OPENS IN TORONTO

Ontario Jockey Club Opens Its Annual Race Meeting with Many Entries.
(Special to the Gazette.)

Toronto, Ont., Sept. 18.—The autumn meeting of the Ontario Jockey club commenced today at Woodbine Park and the prospects are for one of the very best race meetings ever held in Toronto. The horses come back to the autumn races thoroughly seasoned after the summer's campaign and the quality of the thoroughbreds will make the contest for the stakes and purses the keenest on record.

The stakes, the most valuable of which are the Toronto Autumn cup of one and one-quarter miles, to be run today, and the Ontario Jockey club cup, two miles and a quarter, to be run next Saturday, each have \$2,000 added. The Dominion handicaps of \$1,000 added at one mile, and the Durham cup of \$1,500 together with a challenge cup, presented by the Earl of Durham, at one and three-quarter miles, are the two events for horses foaled in Canada.

Race Meet at Portland
Portland, Ore., Sept. 18.—What promises to be the best harness race meeting ever held in this section will be inaugurated in this city Monday under the auspices of the North Pacific circuit, which has conducted a successful campaign in the Pacific northwest this summer. In anticipation of the meeting the stables of the local track have filled with fast-steppers from California, Wyoming, Montana, Idaho, Washington, Oregon and western Canada.

Racing at Lexington
Lexington, Ky., Sept. 18.—A seven days' race meeting was begun here today under promising auspices. Betting at the meeting is to be permitted only by mutual and auction pool.

SERIOUS ACCIDENTS IN THE LINE CITY

Donald Williams Falls from Porch—Samuel Dickinson Cuts Wrist on Glass.
(Special to the Gazette.)

Beloit, Sept. 18.—Donald Williams, the two-year-old son of Mr. and Mrs. C. H. Williams of Dryden Lane, fell from the roof of the veranda at his home last night and was seriously injured. He was on the roof with his grandmother and fell when she was not looking at him. He fell a distance of fifteen feet, striking on his head and shoulder. While seriously injured it is expected that he will survive.
Samuel Dickinson, the west side night watchman, cut his wrist last evening on a piece of broken glass while trying the back door of a store. He severed the cord in his wrist and three arteries. Medical attendance

was procured at once, but he is still in a dangerous condition. He is the third of the Beloit police force to be put on the hospital list within the last few weeks.

Max Goldberg, the twenty-year-old son of Mr. and Mrs. Matthew Goldberg, died last evening after a few days' illness. He was born in Germany and came with his parents to this country when a baby. Until nine years ago he lived in Missouri, when his father purchased the Lander store in Beloit. He leaves behind his father and mother five brothers and two sisters. The remains will be taken to Chicago tomorrow and the funeral services held in that city.

Given Warning
Five youths, all about fifteen years of age, were taken to the Municipal court today and lectured by the Judge for rowdiness in the Parker school yard. The neighbors complained that the boys were making too much noise.

SNOW COLLEGE OF DRESSMAKING

Will Teach You the Entire System of Dressmaking in Just Six Weeks

We have many satisfied patrons and give the following letter which expresses the feelings of all our patrons:

Stoughton, Wis., Oct. 17th, '06.
I started at Snow's College of Dressmaking with no experience in sewing, and after spending six weeks in the school, find that I can plan and cut the average garment with perfect success. I find that the teachers have had years of experience in teaching and are certainly artists in their work. Having had experience in the college, I consider that it is the cheapest and only successful way to learn dressmaking.
Yours truly,
HATTIE NELSON.

A MAJESTIC RANGE WILL SAVE YOUR FUEL.

The more asbestos in your steel range the less fuel it is going to take to run it. Asbestos is the hardest substance on earth to force heat through, and when the outside casing of a range is lined with it, it prevents the heat from passing out. Not only is the body of the great MAJESTIC lined with pure asbestos, but even the doors are lined. Is it any wonder the MAJESTIC is a fuel saver?

Did you know that the Majestic Range was awarded the Grand Prize at the Louisiana Purchase Exposition?
